

Thun, December 2025

Change in the management of MAPAG Maschinen AG

Dear Sir or Madam,

We are pleased to inform you of a change in our management team:

Andreas Pittermann has been appointed **Managing Director** of MAPAG Maschinen AG with effect from December 1, 2025, as part of the planned succession plan.

MAPAG Maschinen AG has been a leading trading partner for capital goods in the pharmaceutical, chemical, food, cosmetics, plastics, and packaging technology sectors in Switzerland for many years.

Andreas Pittermann has been gradually taking on responsibility in the company as co-managing director since November 1, 2024, and will succeed the previous managing director and owner Peter Kirst in the future.

Peter Kirst will remain with MAPAG Maschinen AG and, working reduced hours, will focus on supporting our customers in French-speaking Switzerland and on administrative tasks.

In the "Plastics Processing Injection Molding" business segment, Andreas Pittermann has also taken over responsibility from Urs Kocher, who will be taking well-deserved retirement at the end of 2025 after 25 years of service. We would like to express our sincere thanks to Urs Kocher for his many years of successful work and his commitment to our customers, MAPAG Maschinen AG, and our partner Sumitomo (SHI) Demag.

Under the leadership of Andreas Pittermann, important projects have already been implemented, including the relocation of our company to its new location in Gwatt near Thun.

We look forward to continuing our collaboration and wish you, your teams, and your loved ones a joyful and relaxing holiday season!

Please do not hesitate to contact us if you have any questions.

Kind Regards
MAPAG Maschinen AG

Peter Kirst
Owner of MAPAG Maschinen AG
